Why is the submission of a Long Term Supplier Declaration important?

- An LTSD (PDF Document attached) gives us the information whether your goods have a preferential treatment or not.
- To facilitate the collection and the registration in our system, we ask our suppliers to fill out the attached PDF form.
- Our suppliers should name us a contact person of their company who is in charge for preference law.
- In the future, the specified person will receive an e-mail every time KRONES HU needs a LTSD. The frequency depends on the purchasing volume.
- If the responsible person of your company changes, please let us know. We will update that information in our data base.

How to fill out the Long Term Supplier Declaration

- You may have to print the attached PDF document which was sent to you via E-Mail.
All the fields should be completed. To fill out the LTSD correctly please follow these instructions.

- On the LTSD you have to specify the Country of Origin of the goods. You can also use the ISO-Codes to provide us the Country of Origin of the goods. For example: DE refers to Germany; HU refers to Hungary; etc.
 - Please note that for the LTSD you must state the correct and specific Country of Origin or accepted ISO-Code. You cannot use unspecified definitions like “Europe”, “European Union”, “EU” or “Third Country”.

- If the goods have been produced within the European Union please check if the goods fulfill the requirements of the applicable Free Trade Agreements of the European Union.
